

NFL sets new record of urea production in 2018-19

Noida, 02nd April, 2019

Repeating past performance, NFL has set a new production record of 38.59 lakh MT of urea in 2018-19 with a capacity utilisation of 119.4%. This is the 4th successive year when NFL has broken its own production records.

All the plants of company have achieved more than 100% capacity. Of all NFL Units, Vijaipur Unit achieved highest capacity utilization at 125% and produced 21.6 Lakh MT urea. While Bathinda Unit set new record of 5.84 Lakh MT (114.2%), Panipat Unit also broke all previous records with a production of 5.74 Lakh MT at 112.2% capacity.

The Company's vintage plant at Nangal also produced 5.41 lakh MT urea with a capacity utilisation of 113%. Among the Industrial products category, Nangal also produced 81053 MT Nitric Acid, best ever in the history of unit.
